Thank you!

From all of us here at Martha's Mammies, the kind donation that was given allowed us to celebrate Christmas together as a group.

We appreciate the financial support. The women who attended the group purchased a thank you card which I will ensure you get. Each of them wrote a thank you message. Your donation made a difference to their experience of Christmas.

With the donation the 45 women who access support received a personalised gift, a three-course hand cooked meal and they were able to play prize bingo.

Although Christmas is a very difficult time for the women who access our service, your donation afforded them to create a core memory which included laughter and joy.

I have included some picture below of the joy that was shared!

Thanks again

Yours sincerely

Stacey McLeary
